

# Online Courses

Access education at your convenience and at your own pace with online education courses developed by our team of clinical prosthetists. Our goal is to provide you with the best online learning experience in an engaging and interactive manner.

**\*New!**

## 1 Freedom Quattro™ Microprocessor Knee by PROTEOR | 2 CEUs

Master the first brand new MPK platform in over 5 years! This course will take you through the unique features and benefits, including the H.A.R.T Control technology, 20 available modes, remote data capture, outcome measure reporting, and independent resistances for stairs and ramps/slopes, alignment and programming with the GaitLab app, and adjustments available in the Freedom Innovations patient app.

## 2 Kinnex 2.0™ MPC Ankle/Foot System | 1.5 CEUs

Kinnex is back and better than ever! Come take a look at our 2nd generation Kinnex and learn about the clinical benefits of the product, and how to fit, align, and fine tune it to meet your patients' needs.

## 3 PROTEOR USA Foot Solutions | 2.5 CEUs

Explore PROTEOR USA's comprehensive foot portfolio of Freedom Innovations, RUSH Foot®, and PROTEOR; learn about design features and benefits, different material properties, and proprietary composite layups of both our carbon fiber and fiberglass feet.

## 4 PROTEOR USA Ankle Solutions | 1.75 CEUs

Discover PROTEOR USA's ankle systems, the Kinterra™ and Kinnex™. Identify the biomechanical advantages of hydraulic ankles for individuals with both transtibial and transfemoral amputations and identify the most appropriate patients for each.

## 5 Plié 3 Programming in 5 Mins or Less | 1.5 CEUs

Learn the fundamentals of the Plié 3 microprocessor knee including our Programming in 5 Minutes or Less methodology.

## 6 ALLUX 2 Certification Course | 3 CEUs

Learn the fundamentals of the ALLUX 2 4 bar microprocessor knee including the background, set up, alignment, and programming of the product. Certification is required before fitting an ALLUX 2. Once certified, you'll receive a framed certificate to hang in the office, and your clinic will be listed on PROTEOR USA's website as an ALLUX Certified Clinic.

## 7 Elevated Vacuum and RUSH Foot® EVAQ8 Collection | 1 CEU

Dive into the world of elevated vacuum with research supported clinical benefits of elevated vacuum. Then learn how to fit and set up PROTEOR USA's RUSH Foot EVAQ8 Collection of feet.
